Users will need to assign access to this report as with all new reports in eTHOMAS. From Utility | Settings | Groups, edit the desired group, scroll to the Reports category and set the Transaction Detail Report (3) to Full Access.

Route Slips and Custom Reports

The patient's Free Care date and up to 12 of the diagnosis codes from the patient's last claim can now be merged with Word when creating a custom route slip or generating a custom report.

Claim Filing Limit Report

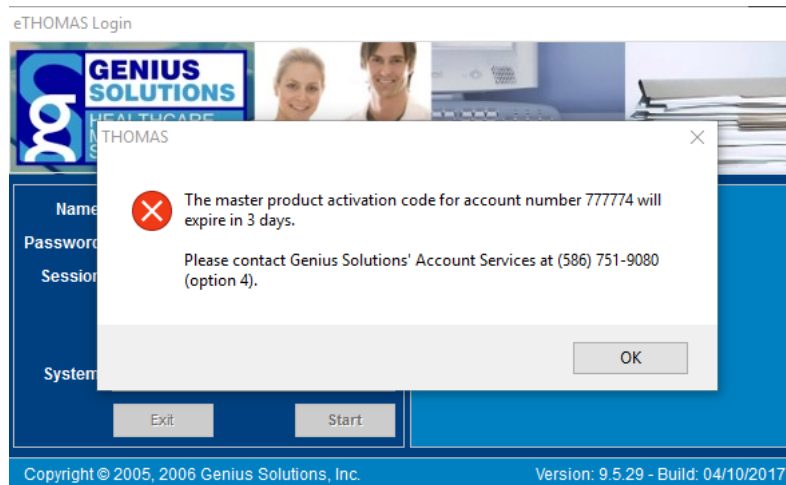

Two new fields have been added to the Claim Information screen. They are the "Last Worked on Date" and "Follow Up Date" fields. These dates will appear on the Claim Filing Limit Report. Also, when entering a Claim Note on the claim, there is an option to "Save and Update Last Worked Date". This button will save the note and update the Last Worked on Date with today's date. If you do not want to update the date, click the Save button.

Subscription Users

Subscription Basics

Customers that subscribe to eTHOMAS pay a monthly service fee to keep the subscription active. No action is required by the user if the monthly service fee is up-to-date. If payments are not up-to-date, eTHOMAS will give users a warning upon login stating when the key is about to expire. Offices who receive this message should call Genius Solutions' Account Services at 586-751-9080, option 4.

Expired Subscription

Once the key has expired, users are unable to gain access to eTHOMAS. Offices who receive this message must call Genius Solutions' Account Services at 586-751-9080, option 4. Once the payment issue has been resolved, logging into eTHOMAS will issue a new activation key.
